Objective

4th year BS Information Technology student and full scholar, looking for an internship, OJT or junior job in IT. I have used PHP and MySQL in school projects and I plan systems with flowcharts, DFDs and ERDs. I am not limited to back-end work. I am open to front-end, mobile, IT support or other roles, and I love exploring new things as I learn. As a working student, I am hardworking and always ready to learn.

Education

College: BS Information Technology, Global Reciprocal Colleges (*Scholar, MLALAF*) **2023 - Present**

Senior High School: HUMSS, Arellano University (Jose Rizal Campus) **2021 - 2023**

High School, Ramon Magsaysay (Cubao) High School **2017 - 2021**

Projects

TechWorld (ETPCP-AI) **Jan 2026 - Present**

Lead Programmer, Systems Analyst, Back-end Developer | PHP, MySQL, JavaScript, HTML/CSS

- An online store for computer parts with AI product suggestions and QR code order pickup.
- Planned the system flow, business rules and DFDs before we started coding.
- Added OTP email checking when users sign up.
- Nominated for Best Capstone (Oct 2026). Tested by 37 people, including 5 IT experts.

Student Concern Management System **2026**

Team Member (CTRL+ALT+DEFEAT) | PHP, MySQL, Tailwind CSS, Hugging Face API

- A website where students send concerns and track them with a code.
- Uses AI to send each concern to the right office, where staff work on it until it is solved.

Don't Blame The Kids (Apparel Shop App) **2025**

Developer | Flutter, Dart, Firebase

- A phone shopping app: browse clothes, pick sizes, use a cart and wishlist, and pay with GCash or card.
- The admin can add products, update orders and chat with customers live.

Work Experience

Computer Shop Attendant (Freelance) **Oct 2025 - Jul 2026**

M&M Secret Computer Shop

- Fixed common hardware and software problems on my own.
- Checked the computers and reported server problems to the owner.

Party Host, Clown and Face Painter (Freelance) **2015 - Present**

PotPot Clowns, Zia's Clown and other agencies

- Host and perform at kids' parties and events.
- Do face and body painting based on what clients want.

Assistant (Freelance) **2020 - 2023**

Poor Boiz Auto Repair

- Helped with car painting, bumper and roof repairs.
- Kept materials organized and helped customers.

Certificates and Seminars

Python Essentials 1 and 2, Cisco Networking Academy and OpenEDG Python Institute **Nov 2024**

ASEAN Data Science Explorers Seminar, Break The Fake Movement, at GRC **Jul 2026**
